The **ABRESSA GROUP** is dedicated to the manufacture and distribution of all kinds of abrasive bricks for polishing natural and artificial stone. For more than 30 years the group has been the world leader in its field and can offer the best solutions for any problem faced by our customers.

Thanks to continuous expansion and growth, dedicated to the aim of providing the best support, the ABRESSA group comprises 4 companies:

- **ABRASIVOS DE ESPAÑA, S.A.** (1970). The original company, located in Barcelona (Les Franqueses del Vallés). Total surface of 10.000 m², supplies to whole Europe.
- **ABRESSA CERÁMICA, S.A.** (1989). Mollet del Vallés (Barcelona). Specialized in products for ceramics.
- **ABRESSA CANADA, INC.** (1988). Québec (San Sebastián). Supplies mainly to the American continent and to the Indian market.
- **ABRASIVOS DE PORTUGAL LDA.** (1992). Portugal (Vila Nova de Cerveira), 12.000 m². Supplies to the rest of the world.

One of our strengths within the **ABRESSA GROUP** is the high **QUALITY** standard and our constant drive for innovation and improvement that has been a part of the ethos in the group from the very beginning. This has made us a leading brand all over the world. We have committed ourselves to increase our human and technological resources for research and development (R&D) and to continuously modernise our installations, equipment and production methods in order to adapt to the permanent technological evolution by the introduction of special products.

The environment is extremely important to us. We have put a great deal of effort into reducing waste to virtually zero and work well within legislated levels as well as making steady improvements to our production and logistical processes.

The result of this dedication is **ISO 9001:2000 certificate of Quality and ISO 14001:1996 certificate of Environment**.

Our main objective is to continue working in this business for our existing and new customers, offering the best **QUALITY, PROFESSIONALITY and SERVICE** so that we maintain our lead and can face the future with great confidence.

Le **GRUPE ABRESSA**, consacré à la fabrication et commercialisation de tout type de meules abrasives pour le polissage de pierres ornementales et artificielle, se consolide depuis plus de 30 ans comme leader mondial dans son secteur, répondant à n'importe quel problème soumis par nos clients.

Grâce à son expansion continue et développement, et avec l'objectif de fournir et donner le meilleur service, le Groupe est formé par les entreprises suivantes :

- **ABRASIVOS DE ESPAÑA, S.A.** (1970). Compagnie mère située à Les Franqueses del Valles (Barcelone). Surface de 10.000 m². Fournit le marché espagnol et européen.
- **ABRESSA CERÁMICA, S.A.** (1989). Mollet del Valles (Barcelone), spécialisée en produits céramiques.
- **ABRESSA CANADA, INC.** (1988). Saint Sébastien (Québec). Fournit le continent américain et le marché indien.
- **ABRASIVOS DE PORTUGAL LDA.** (1992). Vila Nova de Cerveira (Portugal). 12.000 m² de surface. Fournit le reste des marchés mondiaux.

Les points forts et piliers de base du **GRUPE ABRESSA**, sont le standard de **QUALITÉ** et l'esprit d'innovation et d'amélioration continue qui dirigent le Groupe depuis ses débuts. Ces aspects ont valu à notre marque un grand prestige à travers le monde. Nous misons sur l'investissement constant en ressources technologiques et humaines dans le secteur de la recherche et développement (R&D) et la continue modernisation de nos équipements, installations et méthodes de production afin de répondre à la permanente évolution technologique qui existe dans nos secteurs moyennant l'introduction de produits spécialisés.

Une autre de nos préoccupations est le souci de l'environnement. Nous réalisons un important effort économique et humain pour réduire presque à zéro les résidus et nous situer dans les entreprises les plus conscientisées au point de vue écologique. Nous travaillons quotidiennement à l'exécution des normes des risques au travail ainsi qu'à l'amélioration des procédés de production et d'organisation. Nous avons obtenu les certifications **ISO 9001 :2000 de Qualité et ISO 14001 :1996 d'Environnement**.

Notre objectif principal est celui de continuer d'offrir **QUALITÉ** maximale, **PROFESSIONALISME** et **SERVICE** à nos clients habituels et potentiels. Ceci nous permettra de continuer à maintenir notre position de leader en anticipant les nécessités futures de nos marchés.

O **GRUPO ABRESSA**, dedicado ao fabrico e comercialização de todo o tipo de abrasivos para polimento de rochas ornamentais e pedra artificial, desde à 30 anos consolidado como líder mundial no seu sector, tem dado resposta a todo e qualquer problema posto pelos seus clientes.

Graças à sua continua expansão e crescimento, e com o objectivo de fornecer e dar o melhor serviço, o Grupo é formado pelas seguintes 4 empresas:

- **ABRASIVOS DE ESPAÑA, S.A.** (1970). Empresa matriz, radicada em Les Franqueses del Vallés (Barcelona). Superfície de 10.000 m². Fornece o mercado Espanhol e Europeu.
- **ABRESSA CERÁMICA, S.A.** (1989). Mollet del Vallés (Barcelona). Especializada em produtos cerâmicos.
- **ABRESSA CANADA, INC.** (1988). San Sebastián (Québec). Fornece o continente americano e o mercado da Índia.
- **ABRASIVOS DE PORTUGAL LDA.** (1992). Vila Nova de Cerveira (Portugal). 12.000 m². Fornece todo o resto dos mercados mundiais.

Um dos pontos fortes e premissa básica do **GRUPO ABRESSA**, é o Standard de **QUALIDADE**, o espírito de inovação e a melhoria contínua que impera no Grupo desde os seus inícios, aspecto esse que outorgou à nossa marca um grande prestígio em todo o mundo. Apostamos no constante investimento em Recursos Humanos e tecnológicos na área de investigação e desenvolvimento (I+D), assim como na contínua modernização das nossas equipas, instalações e métodos produtivos, com o objectivo de dar resposta à permanente evolução tecnológica que sofrem os nossos sectores, mediante a introdução de produtos especializados.

Outra das nossas preocupações é o cuidado com o meio ambiente, realizando um importante esforço económico e humano para conseguir reduzir quase a nível zero os resíduos e situarmo-nos entre as empresas mais consciencializadas para os temas ecológicos. Trabalhamos dia a dia para cumprirmos as normas de segurança laborais assim como a melhoria dos processos produtivos e organizacionais, obtendo as certificações **ISO 9001:2000 de Qualidade e ISO 14001:1996 do Meio Ambiente**.

O nosso objectivo principal é o de continuar no mercado fornecendo os nossos habituais e potenciais clientes, oferecendo a máxima **QUALIDADE, PROFISSIONALISMO E SERVIÇO** que nos permita manter a posição de liderança, resolvendo todas as necessidades que surjam em futuras situações de mercado.

Die **ABRESSA-GRUPPE** widmet sich der Herstellung und dem Vertrieb von Schleifkörpern jeglicher Art zum Polieren von Naturstein und Kunststein. Seit mehr als 30 Jahren ist die Gruppe weltweit führend auf diesem Gebiet und kann die besten Lösungen für jede Aufgabe, die unseren Kunden gestellt werden, präsentieren.

Dank ständiger Erweiterung und Vergrößerung mit dem Ziel, die beste Unterstützung anzubieten, umfasst die ABRESSA-Gruppe 4 Gesellschaften:

- **ABRASIVOS DE ESPAÑA, S.A.** (1970). Die Ursprungsgesellschaft mit Sitz in Barcelona (Les Franqueses de Vallés). Gesamtfläche von 10.000 m². Beliefert ganz Europa.
- **ABRESSA CERÁMICA, S.A.** (1989). Mollet del Vallés (Barcelona). Ist auf Keramikprodukte spezialisiert.
- **ABRESSA CANADA, INC.** (1988). Québec (San Sebastián). Beliefert hauptsächlich den amerikanischen Kontinent und den indischen Markt.
- **ABRASIVOS DE PORTUGAL LDA.** (1992). Portugal (Vila Nova de Cerveira), 12.000 m². Von hier aus wird der Rest der Welt beliefert.

Ein hoher **QUALITÄTSSTANDARD** sowie ständiges Bemühen um Innovation und Verbesserung sind Stärken der **ABRESSA-GRUPPE** und Merkmale unseres Ethos in dieser Gruppe seit Anfang an. Dies hat uns zu einer weltweit führenden Marke gemacht. Wir haben uns selbst dazu verpflichtet, unsere personellen und technischen Mittel für Forschung und Entwicklung (F & E) zu erhöhen und beständig unsere Einrichtungen, Ausstattungen und Produktionsmethoden zu modernisieren, um mit der permanenten technologischen Weiterentwicklung durch die Einführung spezieller Produkte Schritt zu halten.

Die Umwelt ist besonders wichtig für uns. Wir haben uns intensiv darum bemüht, den Abfall auf nahezu Null zurück zu führen. Wir erfüllen die gesetzlichen vorgegebenen Bedingungen und verbessern kontinuierlich unsere Produktions- und Logistikverfahren. Das Ergebnis dieses Engagements ist das **Qualitätszertifikat ISO 9001:2000 und das Umweltzertifikat ISO 14001:1996**.

Unsere Hauptaufgabe ist es, unsere Aktivitäten in diesem Geschäft für unsere vorhandenen und neuen Kunden mit besser **QUALITÄT, PROFESSIONALITÄT und SERVICE** fortzuführen, damit wir unsere Führungsposition behaupten und der Zukunft mit gestärkter Zuversicht entgegen sehen können.

VENTAJAS DE LOS PRODUCTOS ABRESSA

ESTABILIDAD

los abrasivos ABRESSA son completamente estables en el tiempo con la ventaja añadida de que no endurecen tras largos periodos de almacenaje.

RELACIÓN COSTE/PRECIO

Los abrasivos ABRESSA se adaptan a cualquier máquina de pulido - antiguas y modernas - con un óptimo coste por m².

DIVERSIDAD

Nuestra gama de abrasivos puede ser suministrada en cualquier tipo de formato y en seis tipos de dureza en función de las necesidades de la máquina y del material a pulir.

CALIDAD ÓPTIMA

Se consigue una calidad óptima de pulido a presiones bajas y a alta velocidad de cinta.

LÍDER EN SERVICIO

Asesoramiento técnico, compromiso en plazo de entrega y en calidad (ISO 9001:2000).

RESPECTO CON EL MEDIO AMBIENTE

Gestión de residuos de acuerdo con la normativa ISO 14001:1996

I+D

La continua mejora e innovación permite desarrollar los mejores productos.

MAIN ADVANTAGES OF ABRESSA PRODUCTS

LONG LIFE STABILITY

ABRESSA abrasives do not change with time. Primarily this means they do not get harder after long periods of storage.

COST/PRICE RATIO

ABRESSA abrasives are compatible with all kind of polishing machines: both modern and older ones and guarantee polishing at an optimal cost.

VARIETY

Our range of abrasives can be supplied in many shapes and in 6 different hardnesses as required by the machine and the material being polished.

OPTIMAL QUALITY

We achieve the optimal quality at low working pressures and at high band speeds.

LEADER IN SERVICE

We provide technical support and advice, a commitment to delivery times and guaranteed quality (ISO 9001:2000).

ENVIRONMENT

Waste reduction and treatment according to ISO 14001:1996.

R&D

The continuous search for improvement and innovation allows us to develop the best products.
